His wings now work away with most rapid strokes; nowhe closes them for two seconds, and passed through the air like a builet now they strike even unicker than before. If you are standing on a stone wall as he goes by, he is away before you can exclaim. His round, dark form rushes past as the noise of his feathers rings in your name. It is the very best pace of all, it is almost inconceivably rapid; it is for dear life. But she; her stop from the clouds brings her close behind him; it gives her a fearful impetus; she is simply light him down; and knows that it is dying before her. Yet he may live in fair flight, not from excess of speed; lidt he may live still. There is a mountain bein per at band; it is shallow now, but its banks have been underwined by the winter rains, and the heather droops over them like a senson. Jummercial intelligence Hongkong, Monday Morning. The deliveries of Bengal drug during the past few days have been large, and a fair native demand for it still exists, but as the large holders are anxious sellers and meet all requirements of the Chinese quite readily, prices have not shows much change for the better, a slight tone of firmness having only been imported to the market. Eales in Patus have been made at \$527 to \$630, on cash terms, as also on credit, at the latter rate to the autives. Speculators for low figures at 8625 to 86261 on time, have been in the market, replacing their sales by pur-ciases at \$630 to \$6321. Bargain chops scripe usee also been shown upon the parket at \$635 to \$640, with chroset money of \$5 to \$10 a cheet; the buyers only friming the risk. Bitsin a of this nature, it is said, has been done to a considerable extent. The latter deurse of the market altogether depends upon the native demand, as also upon advices from Calcutta by the steamer Dacco, now about due. Should she bring an additional supply of a few hundred chests, and a confirmation of 48,000 chests for the next year, the prices cannot but decline here. It is, however, somewhat confidently stated in certain quarters, that the quantity will not much asceed 45,500 cheets. Benaron has been placed at \$6174 to \$620 or cash terms. Malwa continues to be still neglected. with hardly any transactions of moment. The following are the present rating prices: Patest \$630 to \$6324. Malwains \$655 to \$660. Patina of the 8th sales to arrive

Late telegrams to the 19th alt. have been received from Landon per Office, quoting the Manchester market denoning, and the Cotton market weak, but in the absence of all business this news has little or no effect here. The market still remains in the same inactive condition that buy characterised the whole week, and we do not hear of a transaction in Piece Goods. Baw Cotton has been sold to the extent of about 110 bales Bombay Staple at \$18.00 to \$19.25, but the market is a little weak on account of recent addition to the stock, and the count of recent addition to the stock, and the rether large amount of cargo that is known to be on the way hither. There have been a few transactions in Old Bank Shares at 21 premium ex-dividend, and sellers are reported at 27 premium emids, but we hear of no transaction at this latter rate. New are quoted 5 premium. Whampox Dock 10 for Old, and 3 to 4 for New, There are sellers of Steambeat hares at 1 discount, and buyers of Hotel at 45 discount. China Traders Insurance are in very large derived at 5225 premium, but none to be large demand at 3225 premium, but none to be bad. Union Dock are quoted 17 discount:

The steamer, Kin King is, we understand, at last already for her northern tein, and will in a few days be had on the berth for Yokohama, to take Chinese passengers and light freight.

The repairs she has undergone, although of w very extensive nature, have not cost as much as was unticipated, or as was stated in these columns some weeks since. It was then estimated that the bill would amount to nearly \$15 000 but on completion it has turned out that the entire cost will not be over \$10,000.

The English Leindon mail of July 3rd will be due here on Wednesday next, but she may be looked for to-morrow, if she has not encoun-
